Notice to Clients – AU2 Service Update Jakarta Direct Port Call Omission

Dear Valued Customer,

Following notice previously issued on the 13/04/2021 in regard to a set of vessels not calling Jakarta directly, we wish to update that Jakarta direct port call omission has been further extended.

ONE is unable to continue accepting export bookings for direct call at Jakarta until further notice. Please approach your local ONE representative to discuss transshipment options to Jakarta.

We appreciate your patience and continued support over this challenging period. We will keep you updated on any further changes to vessel scheduling.

If you have any queries, please do not hesitate to your local ONE Customer Service/Sales representatives.

Yours sincerely,

Ocean Network Express (Australia) Pty Ltd
